Dome housing for discrete surveillance

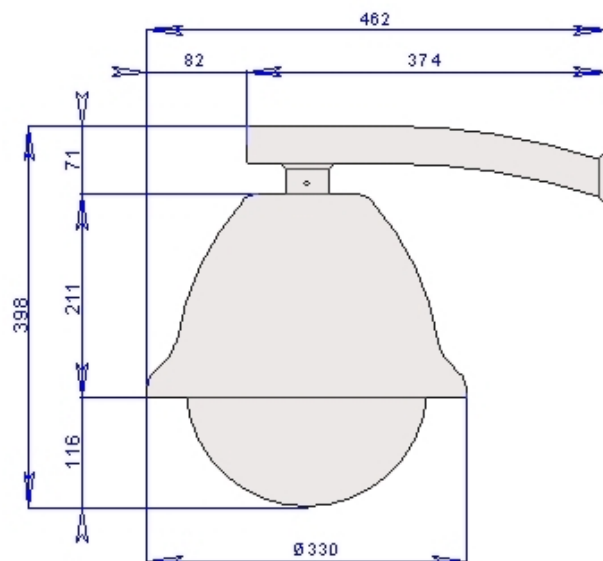

The new system of wiring combined to high quality materials and pleasant design make of the **CSI250** a product highly qualified for CCTV installation.

Available there are a wide range of pole, corner adaptors and wall, ceiling, parapet brackets, new entry is a parapet bracket "old style" painted dark grey, model **STA250** indicated for installation in historic cities.

There are, also, some adaptors for most popular speed-dome (*see data sheet on rear*), for fixed and network cameras is available the **PT250** bracket.
